MASTERING MATHEMATICS WITH PLYMOUTH UNIVERSITY

SKE+ Learning together through Problem Solving

An invitation to do some mathematics

Strand D Probability – Unit D2. Probability of Two or More Events

Do you agree with Jeff?

The two fair spinners are part of a carnival game. A player wins when both arrows land on green after each spinner has been spun once.

Jeff thinks he has a 50-50 chance of winning.

Do you agree with Jeff?

Convince me that you are right.
